Transfinance a.s. is one of the largest non-banking providers of working capital for small and medium sized enterprises, in the form of factoring of domestic and foreign receivables, in the Czech Republic. Established as early as 1991, it is the first specialist factoring provider in Central and Eastern Europe. Transfinance finances, collects and secures clients' receivables from various sectors of industry. Its success in international factoring results from its rich experience in this service sector and from its close contacts with foreign and domestic trading partners. Transfinance is a member of Factors Chain International and a founding member of the Czech Association of Factoring Companies.

Magyar Factor zRt. was founded in 1992 and is the oldest and most richly experienced factoring company in Hungary. It is the only factoring company in Hungary that belongs to an international factoring group. This foundation provides the guarantee for the broadest service range in receivables financing for both domestic and international companies, as well as for the highest quality of service, which is dedicated to rendering efficient, swift and flexible factoring solutions to its clients. For these reasons, Magyar Factor has been the market leader in Hungary for many years – both in the domestic sector, as well as in international factoring.
